VACANCY NOTICE

RESEARCH ASSOCIATE (RA) POSITION

Yeast Synthetic Biology Group

Applications are invited for **one Research Associate (RA) position** in the **Yeast Synthetic Biology Group**, in the laboratory of **Dr. Naseem Gaur**. The position is initially available for **one year**, with the possibility of extension based on satisfactory performance and achievement of project objectives.

This is a **temporary project position**, co-terminus with the sanctioned project. **Salary/emoluments will be as per applicable DST norms**, based on qualifications and experience.

Job Description: The selected candidate will work on **yeast synthetic biology and metabolic engineering**, including genome engineering/editing, DNA assembly, molecular biology, omics approaches, strain development, and fermentation for the production of **industrially relevant high-value compounds**.

Essential Qualification: Ph.D. in Molecular Biology, Biotechnology, Life Sciences, or a related discipline, with experience in advanced molecular biology techniques.

Desirable: Prior research experience in **yeast biology, synthetic biology, metabolic engineering, genome editing, DNA assembly, and/or fermentation technology**.

Interested candidates should email their **updated CV and a cover letter highlighting relevant research experience and technical skills** to yeastsyntheticbiology@gmail.com with the subject: **“Application for RA Position in Yeast Synthetic Biology Group.”**

Only shortlisted candidates will be contacted for an interview.

Closing date for applications: 31 August 2026
