Sample Form Advertisement for Recruitment of JRF

Advt. No:

Date: 16/04/2026

Applications are invited from interested and motivated candidates for the post of Junior Research Fellow (JRF) in a research project as per the following details.	
Position	Junior Research Fellow
Number of Vacancy	01
Project Title	Development of Technology Solution for Incineration of Non-Recyclable and Non-Biodegradable Waste in A Decentralized Manner
Department	Civil Engineering
Fellowship duration	12 months initially (extendable based on performance and project requirements)
Job Description	The Junior Research Fellow will assist in field surveys, sample collection, and data recording related to plastic and solid waste management. The candidate will support laboratory experiments, sample preparation, and basic material characterization. The role also includes assisting in experimental studies, data analysis, documentation of results, and preparation of technical reports under the guidance of the project investigators.
Essential Qualification	The candidate should possess a Graduation degree in Engineering and a Master's degree (M.E./M.Tech./M.Sc.) in Civil Engineering, or Energy, Environment, or a related discipline from a recognized university or institute. Candidates with interest or experience in environmental research, waste management, energy systems, or related areas are encouraged to apply. Knowledge of laboratory work, field studies, and basic data analysis will be an added advantage.
Age Limit	32 years (3 Years relaxation for OBC candidate, 5 Years relaxation for SC/ST / /Physically Handicapped/Female candidates)
Fellowship	Junior Research Fellow [Rs. 37,000/- + HRA]
